

Model# PRO-83BA-CS

VAC 'N, BLO® Pro Commercial Series

For the best car detailing, inside and out!

FEATURES

- All-steel body
- 4.0 Peak Horsepower
- Twin-fan, industrial quality motor producing 95" of water lift
- Full range of specialized automotive attachments
- Multi-layered filtration dust collection system
- Hose bracket, wall mount and tool caddy
- Long lasting, made in the USA

The Vac 'N, Blo® Pro Commercial Series provides exceptional power and versatility in an all-steel, American-made machine. As a vacuum, the incredible suction power will clean your car's interior in less time. The unit features 30 feet of car wash quality crushproof hose, claw type upholstery tool and crevice tool, along with EVERY conceivable specialized detailing vacuum cleaner attachment to provide you with professional results in minutes. As a blower, it clears water from inaccessible areas of your car and blasts dust from AC vents and shift boots.

The Vac 'N, Blo® Pro Commercial Series from MetroVac is the first choice of professional detailers and car enthusiasts worldwide!
