Poway, CA 92064

While Mytee® Products, Inc. is a relatively young company, its roots go back decades. After doing janitorial cleaning for several years in the Los Angeles area, John LaBarbera started building carpet cleaning machines in his father, Frank LaBarbera's garage in 1977. The Carpet Jenny Company was thus formed and Frank and John became partners, moving the company to Colorado Springs, Colorado in 1978.

In 1990, the company was sold and the families moved back to California. In 1994, John started a company centered on a portable water heater product, the "Mytee Hot™," thus the name Mytee® Products was born. In 1994, our innovative "Deluxe Prep Center™" was introduced for the auto reconditioning industry. In 1995, due to the success of the Prep Center™, even more auto detailing machines were added to the line.

Mytee® Products, Inc, located just outside of San Diego, is one of the premier manufacturers of professional cleaning equipment in the world. We have always been known for our innovation and reasonable prices. With a full range of professional automotive detailing equipment, we are dedicated to meeting the needs of the most demanding professionals worldwide.

Extractors

It's What We Do

There are a lot of manufacturers out there who claim to make auto detailing extractors. However, upon closer inspection, you'll find that they actually make machines for carpet cleaners, and have just modified them slightly for the auto detailing market.

That's not the case here at Mytee®. We started out making machines specifically for detailing. Our units were designed from the ground up with the challenges and tasks that you will face in mind. Because of this, we make the best-selling upholstery extractors in the industry. Visit your local car wash, car lot, auto auction, body shop, rental car agency, or mobile detailer, and chances are you'll find a Mytee® machine in their cleaning arsenal.

Our machines offer unparalleled value, performance, and convenience. Once you use a Mytee® extractor, you'll never go back to detailing any other way again.

S-300 Tempo™

Perfect for the occasional detail job, or for the serious auto detailer, the Tempo™ packs a lot of power into a small package. At only 20 pounds, this light machine can be easily carried in one hand. It sets up in seconds and operates on a single convenient switch. Don't let its small size deceive you though. The Tempo™ has the most powerful vacuum motor in its class, allowing you to give mats, upholstery, and carpets a deep, thorough clean.

Features:

- Convenient one-switch operation.
- One of the most powerful vacuum motors in its class producing 85" of water lift for maximum extraction.
- Easy to transport and store.

Included Items:

- 8' Hose-n-Hose™ vacuum and internal solution hose combo.
- 4" stainless steel upholstery tool.
- Heatguard™ Hose Wrap.

20-110 Deluxe Prep Center™

The Deluxe Prep Center™ is ready to take on any detailing job. It's a heated extractor, a dry vacuum, and a chemical dispenser all rolled up into one machine. Best of all, it only needs a single electrical outlet, and a shop air source to run. Great for use in car washes, auto auctions, auto rental agencies, car dealers, mechanics, and body shops - anywhere high volume detailing needs to get done quickly. Don't let your detail shop slow you down. Get back on track with the Deluxe Prep Center™.

Features:

- Wet and dry vacuum capability.
- Interior and exterior drying capability.
- Contains tool organization and storage.
- Multiple chemical dispensing with four bottles powered by a shop air compressor and a 25" coiled hose with adjustable gun for each bottle.

Included Items:

- 25' vacuum & solution hose combo.
- 25' x 1.5" vacuum hose.
- 4" stainless steel upholstery tool.
- Claw and crevice tools.
- Interior & exterior drying tools.
- Pack of 2 Cuties™ QD safety covers.

Shown with optional B400DX Mytee Dry™ Upholstery Tool.

HP120 Grand Prix™

It transformed the auto detailing industry and became the best-selling and most imitated automotive detailing extractor in the world. Mytee's® Grand Prix™ was the first heated extractor to feature a single power cord. Before this innovation, most heated extractors required two power cords, making it hard to find a power source. But this trailblazer changed all that, and the rest is history.

See for yourself why this classic sets the standard that other auto detailing extractors are still trying to live up to.

Features:

- 10 gallon (approx.) solution tank.
- 1,200 watt heater – 210°F max. temperature.
- 3-stage low amp vacuum motor producing 130" of water lift and 100 CFM.
- Bucket-high recovery tank drain valve.

Included Items:

- 15' Hose-n-Hose™ vacuum & internal solution hose combo.
- 4" stainless steel upholstery tool.
- Heatguard™ Hose Wrap.

HP60 Spyder™

Don't be fooled by its small size! The Spyder™ has the same amount of cleaning power and detailing ability as its larger sibling, the Grand Prix™, but in a smaller, more portable package. And just like the Grand Prix™, the Spyder™, does it all on just one power cord!

Find out for yourself how the Spyder™ puts the "mobile" in mobile detailing.

Features:

- 5 gallon (approx.) solution tank.
- 1,200 watt heater – 210°F max. temperature.
- 3-stage low amp vacuum motor producing 130" of water lift and 100 CFM.
- Recovery tank drain valve is placed high enough to empty into a standard bucket.

Included Items:

- 15' Hose-n-Hose™ vacuum & internal solution hose combo.
- 4" stainless steel upholstery tool.
- Heatguard™ Hose Wrap.

Full-Size Power in a Small Package

Deep-basket handle with hose hangers.

Included recovery tank drain hose makes it easier than ever to empty dirty water!

Easy-fill solution tank with a faucet-fill hose for filling with a bucket or standard faucet!

8070 Mytee Lite™

Bring on the heat.

Are you looking for an upholstery cleaning machine that can do the job of a full-size extractor, but is also extremely lightweight and portable? Meet the Mytee Lite™, the industry's best-selling upholstery cleaning machine and the first of its size to include an on-board heater for maximum cleaning power.

The Mytee Lite™ is known industry-wide for its heat, which allows you to quickly break up grease and dirt. The three-stage motor is the most powerful in its class, and makes the extractor even more effective at deep-cleaning upholstery.

Features:

- 4 gallon solution tank.
- 1,000 watt heater – 210°F max. temperature.
- 3-stage vacuum motor producing 130" of water lift and 100 CFM.
- Rear recovery tank drain with included drain hose allows you to easily empty dirty water.

Included Items:

- 15' Hose-n-Hose™ vacuum & internal solution hose combo.
- 4" stainless steel upholstery tool.
- Heatguard™ Hose Wrap.
- Recovery tank drain hose.

Optional Accessories

1500 Focus™ Vapor Steamer

Mytee's® new Focus™ Vapor Steamer easily cleans a multitude of areas and surfaces. With high-temperature steam, you can remove stubborn dirt, grease, and grime stains. Quickly clean and disinfect upholstery, clean hard surfaces, remove stickers, and more.

Features

- 5-gallon solution tank capacity.
- 55 PSI.
- **NEW** Continuous Flow capability. NO waiting for the machine to cool down to refill the tank!
- Disinfecting steam up to 350°F.
- Various attachments included.
- High pressure, high temperature professional spray gun and hose.

Multiple Applications!

Continuous Flow

No more down time! Now when you need more steam, just hold down the pump switch for 15 seconds and the Focus™ will start building up more steam. You don't need to wait for the Focus™ to cool down before adding more water!

EZ Glider™

Great for use in RVs, large vehicles, shops, offices, homes and more.

8400 Upholstery Tool

Make upholstery cleaning easy with this 4" stainless steel upholstery tool.

8700 Crevice Tool

Narrow spaces and hard to reach areas are no longer difficult to clean with this stainless steel crevice tool.

Heatguard™ Hose Wraps

The Heatguard™ Vacuum and Solution Hose Wraps are made from Closed Cell Neoprene (wet-suit material) that guards you from heated solution lines and quick disconnects. They can also be used to protect interiors from scratches caused by quick disconnects on upholstery tools.

Transport Tray for HP120

With the Transport Tray, there is now a convenient way to hold your wand, power cord, vacuum hose (up to 50 ft.), chemicals, and upholstery tool. It's simple, just attach the transport tray to your extractor unit and say goodbye to the burden of carrying around supplies.

1.25" Hose-n-Hose™ Vacuum & Solution Hose Combo

Mytee's® 15' Hose-n-Hose™ vacuum and solution hose combo features a durable braided stainless steel internal solution hose and Mytee's® Snap-n-Lok™ Cuff-Lynx™ for easy access to the solution hose.

Accessories

Modular Shelves

Have a lot of chemicals? Keep them organized with Mytee's® shelf system. Great for vans.

Bottle Holder

Easily attach Mytee's® bottle holder to any van for extra storage.

System Maintainer™

Keep your pump, hoses and heaters clean with Mytee's® System Maintainer™. Sold by the case.

The Mytee Dry™ leaves upholstery drier!

8400DX Mytee Dry™ Upholstery Tool

Mytee's® new Mytee Dry™ Upholstery Tool was designed with the operator in mind. Everything from the soft-feel comfort grip to the easy-access flow valve was designed to keep you, the professional cleaner, as comfortable as possible while on the job. On top of that, the Mytee Dry™ has incredibly fast drying times.

Features

- New soft-feel comfort grip for reduced operator strain.
- Nylon housing for a strong and lightweight tool.
- Braided stainless steel internal solution hose.
- Clear top allows user to see dirt and grime being extracted.
- Easy-access adjustable flow valve.
- Vacuum relief valve.
- Sleek design eliminates valve lever catching on fabric.
- 4" stainless steel glide eliminates overspray and dripping.
- Spray bar with 22 individual spray orifices for even spray pattern. No more streaking!
- New patent pending Snap-n-Lok™ Cuff-Lynx™ makes for easy solution hose replacement.

Included Items

- Mytee Carrying Pack.
- Mytee foam kneepad.
- 15' vacuum & internal solution hose combo.
- Cuff-Lynx™ Hose Connector.
- New patent pending Snap-n-Lok™ Cuff-Lynx™.
- 1.5" vinyl cuff barb to barb fitting.
- Heatguard™ Hose Wrap.

Easy-access flow valve – quickly adjust flow with just your thumb!

Vacuum relief valve allows you to reduce suction power for more delicate fabrics.

Stainless steel glide with dual vacuum slots allow you to clean from any direction.

See how much dirt and grime you're cleaning up through the clear top.
